Eisenwunderwelt

Eisenwunderwelt is an interdisciplinary exhibition co-curated by Jenny Hillenbrand and Kristen Tordella-Williams featuring the collaborative efforts of over 65 international artists. The exhibition at the Moving Poets Novilla features indoor and outdoor installations using iron and the cabinet of curiosity as a central theme. Eisenwunderwelt sets the stage for artists to create interdisciplinary artworks together, bridging cultures and geo-political boundaries through shared creativity and passion.

**This place will be the official conference-late-hang-out from
September 17–20**
